RE: NPDES Signature Authority Delegation Letter

Dear Mr. McGowan:

In accordance with National Pollutant Discharge Elimination System (NPDES) Permit requirements, I am writing to delegate signature authority for Washington Department of Fish and Wildlife fish hatcheries. Enclosed is a list of currently permitted facilities, and additional facilities.

Documents required under the permit, including applications for renewal, Discharge Monitoring Reports (DMRs), and Annual Disease Control Chemical Use Reports, need the signature of the principal executive officer or ranking elected official. Additionally, a delegation letter is required for staff to submit documents to Ecology through the Water Quality Permitting Portal.

As Director, I am authorizing the positions of Hatchery Complex Manager, Regional Fish Program Manager, Hatchery Division Manager, and their designees to sign reports for each hatchery within their complex or region.

If you have any questions or comments on this subject, please contact Eric Kinne, Hatchery Division Manager at (360) 902-2418 or Eric.Kinne@dfw.wa.gov.

Sincerely,

Kelly Susewind
Director
