RE: Annual Treatment System Operation Plan (TSOP) Review Confirmation

Dear Ms. Tran:

This notice is being sent to you per Section S4.A.2 of Nucor Steel's NPDES Permit # WA-0031305.

During our annual review, Nucor Steel revised the following sections:

- Table 1: updated to reference correct sections of the Water Treatment Systems Operation Plan
- Table 2: Updated Contacts for Environmental Engineer 2 to Christopher Norman and Treatment System Operator to Steve Dillon
- Header and footer: updated documentation categorization and storage system when upgrading to a new document storage database
- Section 8: updated final paragraph of Non-routine and maintenance related discharges to accurately depict system procedures during maintenance periods

Please call Patrick Jablonski at 206-933-2238 if you have any questions or comments.

Respectfully,

Matthew J. Lyons  
VP/ General Manager  
Nucor Steel Seattle, Inc.
