RE: Coverage under the Industrial Stormwater General Permit

Dear Kevin Winston:

The Washington State Department of Ecology (Ecology) has reviewed your application for coverage under the Industrial Stormwater General Permit (permit). We are granting your facility coverage under the permit, effective September 1, 2020. **Retain this letter with your Stormwater Pollution Prevention Plan. It is the official record of permit coverage for your facility.**

A mobile friendly copy of the permit, permit forms, and information related to your permit can be viewed and downloaded at <https://ecology.wa.gov/ISGPeCoverage-packet>. Please contact your Permit Administrator, listed below, if you would like to receive a hard copy of the ISGP.

Site Specific Monitoring Requirements

Your monitoring requirements may be viewed by logging in to WebDMR and viewing your first DMR. If you believe there is a discrepancy between what the permit requires and the DMR, please contact Ecology immediately. In the case of a difference between the permit as applied to your facility and the DMR, the permit requirements take precedence. Your first reporting period will be the 4th Quarter (October, November, December of 2020) and your first DMR must be submitted by February 15, 2021. The DMR due dates are summarized in the table below:

Reporting Period	Months	DMR Due Date
1 st	January-March	May 15
2 nd	April-June	August 15
3 rd	July-Sept	November 15
4 th	October-December	February 15

- You must submit DMRs and Annual Reports electronically, using Ecology’s Water Quality Permitting Portal– Permit Submittals application, unless Ecology granted you a waiver from electronic reporting.
- You can find more information regarding Ecology’s Water Quality Permitting Portal on our website at <http://www.ecology.wa.gov/webportalhelp>.

"Date of receipt" is defined in RCW 43.21B.001(2).

Included is a link to the Focus Sheet describing where and how to appeal this permit coverage. The Focus Sheet may be accessed at <https://fortress.wa.gov/ecy/publications/documents/1710007.pdf>.
