**RE: Factual Review of Draft Fact Sheet and Permit for Permit No. ST0009253 for SunOpta Healthy Fruit Snacks**

Dear Scott Campbell:

Enclosed is a preliminary draft copy of your proposed Fact Sheet and Permit. Please review these documents to insure that you or your staff understand and agree with all conditions and comment on any factual mistakes. **Pay close attention to the requirements in Special Conditions S1 and S2. The monitoring requirements for parameter units, sampling frequencies, reporting, and permit limits may have changed from your current permit.**

**Comments must provide adequate information for evaluation by Ecology.** Your written comments or concerns must be submitted no later than **September 14, 2020**, to be considered in the formulation of final determinations regarding the draft permit. You can attach your comments or corrections to an email and send to: [cynthia.huwe@ecy.wa.gov](mailto:cynthia.huwe@ecy.wa.gov).

Ecology will make the appropriate corrections in the draft permit, and place a public notice in a local newspaper. An official draft permit copy will be mailed to you along with a copy of the public notice. There will be a 30-day comment period from the date of publication. You will have the opportunity at that time to submit comments on requirements and/or conditions in the permit.

If you have any questions about the permit, please contact Traci Gefre at [traci.gefre@ecy.wa.gov](mailto:traci.gefre@ecy.wa.gov).

Sincerely,

A handwritten signature in cursive script that reads "Cindy Huwe".
