RE: State Waste Discharge Permit Application and Public Notice for Permit ST0005370

Dear Stephen Becker:

Thank you for submitting a timely and sufficient application for renewal of State Waste Discharge permit ST0005370 for Asotin County Landfill. Ecology accepted the application as sufficiently complete on September 23, 2020. Asotin County Landfill's permit manager will begin the next phase of the permitting process and start writing the new permit and accompanying fact sheet.

Ecology will publish a legal notice in the local newspaper to inform the public and to invite comment on the application (WAC 173-216-090). The enclosed public notice will be published by Ecology on October 1, 2020 and October 8, 2020 in the Lewiston Tribune.

Please call Vijay Kubsad at (509) 655-9129 or email at [vkub461@ecy.wa.gov](mailto:vkub461@ecy.wa.gov) if you have questions about our review of the application or the permitting process.

Sincerely,

A handwritten signature in cursive script that reads "Shara Joy".
