Re: National Pollutant Discharge Elimination System (NPDES) Waste Discharge  
Permit No. WA0031305; Nucor Steel Seattle, Inc.

Dear Patrick Jablonski:

We have enclosed a draft NPDES wastewater discharge permit for your review. Please read the draft permit carefully and submit your comments as soon as possible to Jeanne Tran.

State law requires the circulation and publication of notices which describe the proposed issuance, renewal or extension of NPDES permits. This is intended to allow the public to be aware of and comment on such actions.

Enclosed is a copy of the public notice that will be published in the Seattle Times on October 28, 2020. A similar notice will be mailed from this office to agencies, groups and individuals that have requested such notices for this geographic area.

The Department shall provide a period of not less than thirty (30) days following the date of the public notice during which time interested persons may submit their written views on the final draft permit. You may submit additional comments on the final draft permit throughout the duration of the public comment period.

If you have questions regarding the draft permit, please contact Jeanne Tran at (425) 649-7078 or Email at [jeanne.tran@ecy.wa.gov](mailto:jeanne.tran@ecy.wa.gov)

Sincerely,

A handwritten signature in black ink, appearing to read "Tricia Miller".
