RE: **WARNING LETTER:** ZYK Enterprises; ST0003974

Dear Zeeshan Qazi:

The Department of Ecology (Ecology) does not have record of receiving Discharge Monitoring Report (DMR) from your facility for the following monitoring period:

<u>Month/QUARTER</u>	<u>YEAR</u>	<u>STATUS</u>
July	2020	Not Submitted
August	2020	Not Submitted
September	2020	Not Submitted
3 rd Quarter	2020	Not Submitted

Your permit requires you to submit DMRs to Ecology even if you had no discharge.

Failure to submit DMRs is a violation of your permit special condition S10.A.2. Please submit the missing DMRs after receiving this letter.

The DMR is the principal tool used to evaluate compliance with permit requirements. Ecology places great importance on timely submittal of complete and accurate DMRs. Failure to comply with the conditions of your permit could result in Ecology taking formal administrative enforcement action, including issuing orders and penalties.

Recently updated guidance on reporting can be found on the Ecology Water Quality Permitting Portal (WQWebPortal) online at <http://ecyapwq/wqwebportal/> under **System Messages**.

If you have any questions please give me a call at 425-649-7214.

Sincerely,

Chris Smith
Compliance Specialist
Water Quality Section
