RE: Application Accepted for Renewal of State Waste Discharge Permit No. ST0006141, NC Machinery Company

Dear Randy Deans:

We hereby acknowledge receipt of the above-referenced application on November 2, 2020. This application is hereby accepted. Your current State Waste Discharge permit has an expiration date of September 30, 2021.

The current permit and its terms and conditions will be administratively extended on September 30, 2021 if Ecology fails to issue a new permit by the expiration date and will remain in effect and enforceable until Ecology issues the new permit for your facility.

During the permit renewal process, Ecology may determine that additional information is necessary to complete the permit. In order to maintain complete application status, NC Machinery Company must provide any additional information Ecology may request in a timely manner.

If you have any questions regarding this letter, please contact me at [Azizullah.Mahar@ecy.wa.gov](mailto:Azizullah.Mahar@ecy.wa.gov) or by phone at 360-407-6290.

Sincerely,
