**RE: Cancellation of State Permit No. ST-9228
Effective August 5, 2003**

Dear Mr. Thomas:

The Department has received your August 4, 2003, letter requesting cancellation of the above-referenced permit. Based on the information in the letter and a recent site inspection, it has been determined that there is no longer evidence of significant discharge or impact to waters of the state at your facility.

Therefore, State Waste Discharge Permit No. ST-9228 for Snow & Sons Produce Co. is hereby canceled effective August 5, 2003. This letter constitutes final administrative disposition of the referenced permit.

In the event a change in the reported circumstances causes this activity to have any discharge to surface waters and/or non-surface waters you will need coverage under either a State, NPDES, or General Permit. Accordingly, you should contact the Water Quality Program at this office prior to making any changes in the destination, character, or quantity of the discharge.

If you have any questions in this matter, please contact Cindy Huwe at 509/457-7105.

Sincerely,

G. Thomas Tebb, L.E.G.
Section Manager
Water Quality Program
