Good morning,

Thank you both for joining in on the meeting yesterday. I appreciated the discussion we had on the County's robust stormwater program. Your feedback on improvements I can make going forward was also very helpful.

As promised I have attached the following:

- My meeting notes (*ClarkCounty\_MeetingNotes\_03082021*).
- The slides I showed on G3, S4.F, and G20 notifications (*G3\_S4F\_G20-updated 06-11-2020*). As I mentioned, these slides contain a lot of useful links and much more information than the quick overview I gave.

Thank you again for your time and your continued work.

Best,
