Re: National Pollutant Discharge Elimination System (NPDES)  
Permit No. WA0991041; Chevron Environmental Management - Bridge Way North 95439

Dear Melissa Caldwell

Thank you for submitting an application for a new NPDES permit. The Department of Ecology (Ecology) acknowledges receiving the application on March 5, 2021 and was accepted as complete on March 25, 2021.

State law requires the circulation and publication of notices which describe the proposed issuance of NPDES permits. This is intended to allow the public to be aware of and comment on such actions. Attached is a copy of the public notice that will be published in the Seattle Times on May 10 and 17, 2021. A similar notice will be mailed from this office to agencies, groups and individuals that have requested such notices for this geographic area. Another public notice will be published when the draft permit has been prepared.

If you have any questions about the status of your permit, please contact Jeanne Tran at (425)649-7078 or email at [jeanne.tran@ecy.wa.gov](mailto:jeanne.tran@ecy.wa.gov)

Sincerely,

A handwritten signature in black ink, appearing to read "Tricia Miller".
