

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF APPLICATION

PERMIT NO.: WA0000892

APPLICANT: Kaiser Aluminum Washington, LLC

LOCATION: 15000 E. Euclid Avenue, Spokane Valley, WA 99215

Kaiser Aluminum Washington has applied for renewal of its National Pollutant Discharge Elimination System (NPDES) permit in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW), Chapter 173-220 Washington Administrative Code (WAC), and the Federal Clean Water Act.

Kaiser Aluminum Washington owns and operates an aluminum rolling mill and metal finishing plant at Trentwood, Washington that discharges treated wastewater to the Spokane River. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued.

The Department of Ecology is proposing to review the application and renew the permit and is hereby issuing public notice of its intent. Interested persons are invited to submit their name, address, and initial comments regarding the permit to Ecology at:

Upon completion, an opportunity for public review and comment on the Draft NPDES permit will be provided (anticipated late 2021/early 2022). Notice will be provided through multiple outlets, including this publication, and all respondents to this notice will receive a copy of the draft permit and fact sheet before the final permit is issued.
