Re: State Waste Discharge Permit Modification Application
Permit No. ST0007353; USN Undersea Warfare Center

Dear Gary Simmons:

Your application for a State Waste Discharge (SWD) permit modification was received by this office on May 27, 2021 and Ecology has accepted the modification request.

In accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-216-070, the current permit and its terms and, beginning on July 26, 2021, conditions and any changes requested in the permit modification request, will remain in effect, or in the case of requested changes become effective, and enforceable until Ecology issues a modified permit for your facility. However, any requests for monitoring modifications will only be in effect when a modified permit is issued for your facility.

If you have any questions regarding the status of the modification to your permit, please contact Maia Hoffman at (206) 594-0160 or Email at maia.hoffman@ecy.wa.gov
