**MEMORANDUM**

TO: Maia Hoffman, PE  
Pretreatment Engineer/Permit Manager  
Washington Department of Ecology

FROM: Shane Freeman, Industrial Waste/Pretreatment Technician

DATE: June 10, 2021

SUBJECT: Request for Review of State Waste Discharge Permit  
Renewal Application Permit #ST0007380

ADDRESS: SeaCast Inc.  
6130 - 31<sup>st</sup> Avenue  
Marysville, WA 98271

The Water Resources Division conducted a review of the above referenced discharge permit application. We submitted the following comments as a condition of approval of Section J

State Waste Discharge Permit Number #ST0007380  
SECTION S2. Monitoring Requirements.  
Subsection F (Sample point #006 Kolene Line Rinse Water).

Jerry McCaslin proposed an Addendum on June 9, 2021 (See Attached) that the City of Marysville accepts as a condition of signing Section J.

The City of Marysville also requires as a part of this permit the following:

1. A copy of all test results regarding sample point #006 must be provided to the City of Marysville prior to any wastewater discharge.
2. In addition, the City of Marysville requires copies of all shipping manifest of state regulated waste associated with discharge point #006.
