RE: Issuance of National Pollutant Discharge Elimination System (NPDES) Permit
WA0045403

Dear Randy Russell:

NPDES wastewater discharge permit WA0045403 is enclosed. This NPDES permit satisfies the requirements of both federal and state laws. The Department of Ecology (Ecology) issues this permit in accordance with Chapter 90.48 RCW, as amended, and the Federal Water Pollution Control Act, as amended.

Ecology published a legal notice of draft on April 22, 2021 in the Spokesman Review to inform the public that a draft permit and fact sheet were available for review.

Permit Fees

The Department of Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with issuing and administering wastewater discharge permits (Chapter 173-224 WAC).

Ecology calculates the annual fee for both industrial and municipal/domestic discharges according to the permit fee schedules contained in WAC 173-224-040. We notify permit holders of fee charges by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit, and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.

Appeal Process

You have the right to appeal this permit (chapter 43.21B RCW). The Board must RECEIVE your appeal within 30 days of the “receipt” date. Failure to comply with the 30-day filing deadline will result in termination or dismissal of the appeal.

File the original and one copy of the appeal with the Pollution Control Hearings Board by mail or hand delivery (addresses below). Filing means actual receipt with the PCHB during regular business hours.
