Chris-

The comment period will be extended through September 30.

If you have questions that you want to discuss with me, please don't hesitate to call or schedule a conference call. This is the City's opportunity to weigh in on the permit conditions. And, I want to make sure you get the information to clarify what is in the permit that you require to do that.

Best,

Llyn,

I am formally asking for an extension of the review process on Larson WWTP Draft Permit ST0008024. There are some changes in the draft that need to be addressed on our end to ensure compliance will continue at Larson WWTP. I will be at conference next week and am asking for an

extension for comments and corrections until 9/24/2021.

Thank you.

Chris-
