Re: National Pollutant Discharge Elimination System (NPDES) Permit Issuance  
Permit No. WA099104; Chevron Environmental Management – Bridge Way N #95439

Dear Eric Hetrick:

Under the provisions of Chapter 90.48 RCW Water Pollution Control Laws as amended and the Federal Water Pollution Control Act (The Clean Water Act), the enclosed NPDES Permit No. WA0991041 is being issued to Chevron Environmental Management – Bridge Way N #95439 located at 3876 Bridge Way North, Seattle, WA.

The permit authorizes the Permittee to discharge treated groundwater to Lake Union via the City of Seattle storm sewer line subject to the terms and conditions of the permit.

The Department of Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with issuing and administering wastewater discharge permits (Chapter 173-224 WAC). The annual fee for both industrial and municipal/domestic discharges is computed according to the permit fee schedules contained in WAC 173-224-040. Ecology will notify permit holders of fee charges by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit, and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.

You have the right to appeal this permit within thirty (30) days upon receipt of this document. Complete details about appealing the permit are in Appendix B of the permit fact sheet. Pursuant to chapter 43.21B RCW, your appeal must be filed with the Pollution Control Hearings Board, and served on the Department of Ecology, within thirty (30) days of the date of your receipt of this document.

If you choose to appeal this action or decision, you must comply with the requirements of WAC 371-08-340.

Your appeal must be filed with:  
The Pollution Control Hearings Board  
P.O. Box 40903  
Olympia, Washington 98504-0903
