RE: Compliance for Asotin County Landfill State Waste Discharge Permit No. ST0005370

Dear Steve Becker:

Asotin County Landfill is out of compliance with State Waste Discharge Permit No. ST0005370 that was issued May 6, 2016. The permit requires several submittals to be completed during the permit cycle. To stay in compliance, all permit submittals must be completed and sent to Ecology by the required due dates.

According to our records, the following permit submittal has not been submitted to Ecology:

1. Operation and Maintenance Manual Annual Review Confirmation Letter Special Condition S4.A.a.1 due 6/15/2021

Each missing report constitutes a separate violation of the permit.

This letter is to make you aware of the importance the Department of Ecology places on the legal implications of noncompliance with the limits, monitoring requirements, and terms and/or conditions established in your permit. Continued noncompliance will result in formal enforcement action by Ecology. Formal enforcement action may include Notice of Violation, Administrative Order, and Penalties of up to \$10,000 per day per violation.

Please contact me at [stra461@ecy.wa.gov](mailto:stra461@ecy.wa.gov) or (509) 319-4759 if you have questions or for instructions on submitting the past due reports.

Sincerely,

Shara Joy  
Water Quality Program  
Eastern Regional Office
