RE: Compliance for Ancient Lake Wine Company State Waste Discharge Permit No.  
ST0501285

Dear Chad Arnold:

Ancient Lake Wine Company is out of compliance with State Waste Discharge Permit No. ST0501285 that was issued October 25, 2018. The permit requires several submittals to be completed during the permit cycle. To stay in compliance, all permit submittals must be completed and sent to Ecology by the required due dates.

According to our records, the following permit submittals have not been submitted to Ecology:

1. Operations and Maintenance Manual Annual Review Confirmation Letter Special Condition S4.A.a.2 due 6/30/2020
2. Operations and Maintenance Manual Annual Review Confirmation Letter Special Condition S4.A.a.2 due 6/30/2021

Each missing report constitutes a separate violation of the permit.

This letter is to make you aware of the importance the Department of Ecology places on the legal implications of noncompliance with the limits, monitoring requirements, and terms and/or conditions established in your permit. Continued noncompliance will result in formal enforcement action by Ecology. Formal enforcement action may include Notice of Violation, Administrative Order, and Penalties of up to \$10,000 per day per violation.
