RE: **WARNING LETTER** for State Reclaimed Water IP
Permit Number ST0007445 for King County South Plant Reclaimed Water Plant

Dear Kamuron Gurol:

Ecology has completed the review of the King County South Plant Reclaimed Water Plant's late submittals for the summer of 2021. Ecology's records indicate your facility did not comply with the requirements established in your permit. The following parameters were not in compliance:

Due Date	Date Received	Submittal
5/31/2021	8/10/2021	South Treatment Plant reclaimed water cross connection report

Non-compliance notifications are required by your permit. The checked item below indicates if further notification is required regarding the above violation(s).

- ☒ **No further action is required.** You have already complied with this requirement.
- ☐ **You must submit this notice immediately.** You are in violation of your permit. You may refer to your permit for more information about submitting a non-compliance notification.

If you fail to comply with the conditions of your permit, Ecology may take formal administrative enforcement action, including issuing orders and penalties. Ecology's enforcement authority for NPDES permits is governed by Chapter 173-220-230 of the Washington Administrative Code (WAC). Ecology's enforcement authority for state waste discharge permits is governed by Chapter 173-216 of the Washington Administrative Code (WAC).

If you have and questions, comments, or concerns with this warning letter please feel free to contact me at (425) 449-6560 or by email at greg.lipnickey@ecy.wa.gov, or your permit manager Shawn McKone at (206) 594-0158 or via email at shawn.mckone@ecy.wa.gov.

Sincerely;
