**RE: Termination of Coverage under the Concentrated Animal Feeding Operation
General Permit**

Dear Jeff and Suzanne Snyder:

The Washington State Department of Ecology (Ecology) received your Notice of Termination form to cancel your coverage under the Concentrated Animal Feeding Operation General Permit. After a review of your permit file, Ecology is cancelling your permit coverage as of October 12, 2021 for your operation at 1956 Hampton Rd, Everson.

Permit Fees

State law (RCW 90.48.465) requires that all Permittees pay an annual permit fee based upon the state fiscal year. The state fiscal year begins each year on July 1, and ends on June 30 the following year. Ecology mails permit fee bills to all Permittees annually. Permittees that have permit coverage on July 1 will receive a permit fee bill. There are provisions for a permit fee reduction for facilities meeting the requirements in WAC 173-224-090. If you would like more information on the permit fee process, contact Ecology's Permit Fee Unit at (800) 633-6193 extension 2 or wqfee_unit@ecy.wa.gov.

Permit Records

We advise you retain the Manure Pollution Prevention Plan, copies of the permit application, inspection reports, and all other reports required by this permit for a minimum of five years after your permit coverage is terminated.

Appeal Options

You or a third party may appeal this cancellation of coverage by filing an appeal in writing to the Pollution Control Hearings Board (PCHB) and by serving it upon Ecology at the addresses on the next page. ***E-mail is not accepted.*** Appeals must be made within 30 days of receipt of this letter, see chapter 43.21B Revised Code of Washington (RCW). The procedures and requirements for the appeal process are contained in RCW 43.21B.310.
