Re: National Pollutant Discharge Elimination System (NPDES)  
Permit No. WA0022527; King County Vashon Wastewater Treatment Plant

Dear Jeff Lafer:

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit renewal application for the King County Vashon Wastewater Treatment Plant on July 28, 2021. The application has been reviewed and accepted as complete on March 3, 2022.

Your current NPDES permit has an expiration date of February 28, 2022. Renewal of the permit is in process; however, the permit was not issued by the expiration date. In accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-220-180(5), if your new permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are administratively extended and will remain in effect and enforceable until Ecology issues a new permit and it becomes effective for your facility,

If you have any questions regarding the development of your renewal permit, please contact Shawn McKone at (206) 594-0158 or by email at [shawn.mckone@ecy.wa.gov](mailto:shawn.mckone@ecy.wa.gov).

Sincerely,

A handwritten signature in black ink that reads "Tricia Miller".

Tricia Miller  
Permit Coordinator
