RE: Conditional No Exposure Exemption Request - Denied
CNE Application Number CNE305626

Dear Richard Nichols:

You applied for a Conditional No Exposure (CNE) Exemption on February 1, 2022.

An Ecology stormwater inspector evaluated your facility on February 10, 2022 and informed David Bischoff this facility is not eligible for a CNE exemption. The CNE is not approved because of outside storage of mint oil and washing containers, which are exposed to stormwater. These conditions are not consistent with CNE eligibility Criteria 1, 4, and 6, which are described in the CNE focus sheet. The CNE focus sheet has been enclosed with this letter for reference.

Industrial stormwater from this site is discharged to The City of Goldendale's Publicly Owned Treatment Works (POTW). These discharges are covered under a State Waste Discharge Permit to Discharge Industrial Wastewater to a Publicly Owned Treatment Works, ST0501326. Please contact Erik Van Doren of Ecology's Central Regional Office in Yakima at erik.vandoren@ecy.wa.gov or (509) 571-1097 if you have any questions regarding this permit.

Your Right To Appeal

You have a right to appeal this CNE denial to the Pollution Control Hearings Board (PCHB) within 30 days of the date of receipt of this CNE denial. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal you must do all of the following within 30 days of the date of receipt of this CNE denial:

- File your appeal and a copy of this CNE denial with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.
- Serve a copy of your appeal and this CNE denial on Ecology in paper form - by mail or in person. (See addresses below.) E-mail is not accepted.

You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
