RE: Coverage under the Industrial Stormwater General Permit (ISGP)

Dear Richard Hill:

The Washington State Department of Ecology (Ecology) has reviewed your application for coverage under the Industrial Stormwater General Permit (permit). We are granting your facility coverage under the permit, effective April 12, 2022. **Retain this letter with your Stormwater Pollution Prevention Plan. It is the official record of permit coverage for your facility.**

A mobile friendly copy of the permit, permit forms, and information related to your permit can be viewed and downloaded from Ecology's [Industrial Stormwater General Permit eCoverage Packet webpage](#)¹. Please contact your Permit Administrator, listed below, if you would like to receive a hard copy of the ISGP.

Site Specific Monitoring Requirements

Your monitoring requirements may be viewed by logging in to WebDMR and viewing your first DMR. If you believe there is a discrepancy between what the permit requires and the DMR, please contact Ecology immediately. In the case of a difference between the permit as applied to your facility and the DMR, the permit requirements take precedence. Your first reporting period will be the 3rd Quarter (July, August, September of 2022) and your first DMR must be submitted by November 15, 2022. The DMR due dates are summarized in the table below:

| Reporting Period | Months | DMR Due Date |
|------------------|------------------|--------------|
| 1 st | January-March | May 15 |
| 2 nd | April-June | August 15 |
| 3 rd | July-Sept | November 15 |
| 4 th | October-December | February 15 |

- You must submit DMRs and Annual Reports electronically, using Ecology's Water Quality Permitting Portal– Permit Submittals application, unless Ecology granted you a waiver from electronic reporting.

- You can find more information regarding Ecology's Water Quality Permitting Portal on our [WQWebPortal guidance webpage](#)².
- If you have technical questions regarding Ecology's Water Quality Permitting Portal, please contact the portal staff at (800) 633-6193/option 3 or email WQWebPortal@ecy.wa.gov.

Appeal of Permit Coverage

You have a right to appeal coverage under the general permit to the Pollution Control Hearing Board (PCHB). Appeals must be filed within 30 days of the date of receipt of this letter. Any appeal is limited to the general permit's applicability or non-applicability to a specific discharger. The appeal process is governed by chapter 43.21B RCW and chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

Included is a link to the [General Permit Coverage Appeal Focus Sheet](#)³, describing where and how to appeal this permit coverage.

For Additional Information or Assistance

Ecology is committed to providing assistance to you. Please review our [Industrial Stormwater General Permit webpage](#)⁴ for more information. For questions about transfers, terminations, and other administrative issues, please contact Joyce Smith at joyce.smith@ecy.wa.gov or (360) 407-6858. If you have questions regarding stormwater management issues at your site, please contact Evan Dobrowski of Ecology's Northwest Regional Office in Shoreline at evan.dobrowski@ecy.wa.gov or (425) 213-4230.

Questions

If you have questions regarding the permit, please contact Travis Porter at Ecology's Headquarters Office at Travis.Porter@ecy.wa.gov or (360) 407-6127.

Sincerely,
