RE: Issuance of State Waste Discharge Permit ST0045535

Dear Sunil Kumar:

AstaReal, Inc. State Wastewater Discharge permit ST0045535 is enclosed. The Department of Ecology (Ecology) issues this permit in accordance with Chapter 90.48 RCW, as amended.

In accordance with WAC 173-216-090, Ecology published a legal notice of draft permit on February 3, 2022 in the Columbia Basin Herald to inform the public that a draft permit was available for review.

Permit Fees

Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with issuing and administering wastewater discharge permits (Chapter 173-224 WAC).

Ecology calculates the annual fee for both industrial and municipal/domestic discharges according to the permit fee schedules contained in WAC 173-224-040. We notify permit holders of fee charges by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit, and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.

Appeal Process

You have the right to appeal this permit (chapter 43.21B RCW). The Board must RECEIVE your appeal within 30 days of the "receipt" date. Failure to comply with the 30-day filing deadline will result in termination or dismissal of the appeal.

File the original and one copy of the appeal with the Pollution Control Hearings Board by mail or by hand delivery (addresses below). Filing means actual receipt with the PCHB during regular business hours.
