June 29, 2012

Mr. Scott Blau
Blau Oyster Co. Inc.
11321 Blue Heron Road
Bow, WA 98232

Dear Mr. Blau:

Re: Extension of National Pollutant Discharge Elimination System (NPDES)
Permit No. WA0029262

Your application for a National Pollutant Discharge Elimination System (NPDES) renewal permit was received by this office on March 2, 2012 and accepted as complete on June 28, 2012. Your current permit has an expiration date of June 28, 2012. Renewal of your permit is in process; however, the permit was not issued by the expiration date.

In accordance with the Washington State Administrative procedures Act (RCW 34.05.422(3)) and the Washington State Pollution Control Act (90.48.180), your current permit and its terms and conditions are administratively extended. Your extended permit is effective for five years from the expiration date of the current permit, or until Ecology issues a new permit, whichever occurs first.

Your permit fee is subject to the same previous fee schedule. Permit fee billing will be in a separate mailing from the Ecology Permit Fee Unit.

Should you have any questions concerning your permit, its extension or the process for its renewal, please contact Lori LeVander at (425) 649-7039 or Email at llev461@ecy.wa.gov

Sincerely,

Kevin C. Fitzpatrick
Water Quality Section Manager
