IV. Project and SEPA Information

Project Type: City

Project Name: City Of Orting

Provide a description (such as legal description of boundaries and maps) of the project. You may include attachments with your application if you need more room.

11 ponds within the property boundaries of the City of Orting

- If Ecology is not the lead agency for SEPA on this project, attach the SEPA determination documents to your completed NOI.
- If Ecology is the lead agency, submit a completed SEPA checklist for this project.

V. Public Notice

The public notice must be published at least once each week for two consecutive weeks, in a single newspaper that has general circulation in the county in which the project is to take place. See the NOI instructions for the public notice language requirements. Permit coverage will not be granted sooner than 31 days after the date of the second public notice. Note: This NOI must be submitted to Ecology on or before the date of the first public notice.

Provide the exact dates for the first and second public notices will appear in the newspaper:

First Public Notice Date: 03/28/2022

Second Public Notice Date: 04/04/2022

Newspaper publishing the public notice: Seattle Times

Public Notice Template

Complete this template using project-specific information and submit to a local newspaper with general circulation within the county where the project is located. The language in **bold** is required and may not be changed, however the applicant may add additional information to the notice.

[Name of Applicant/Permittee], [Address of Applicant/Permittee] is seeking coverage under the Washington State Department of Ecology Aquatic Mosquito Control NPDES and State Waste Discharge General Permit.

The proposed project applies to following geographical area: [Describe area, e.g. property boundaries, government entity jurisdiction, etc].

The permit allows the discharge of a specific list of pesticides for mosquito control provided permit conditions are met, however the pesticides anticipated for use are: [List active ingredients applicant anticipates using].

If a government entity is applying for coverage and has made its own SEPA determination, DO NOT include the following sentence in the public notice:

Ecology has made a SPEA determination of non-significance with the adoption of an existing environmental document for this proposal.

Any person desiring to present their views to Ecology regarding this application may do so in writing within thirty days of the last date of publication of this notice. Comments must be submitted to Ecology. Comments can be submitted to: Department of Ecology, Water Quality Program, Attn: Aquatic Pesticide Permit Manager, P.O. Box 47696, Olympia, WA 98504-7696.
