**RE: Issuance of Coverage under the Aquatic Mosquito Control General Permit**

Dear Ryan Miller:

The Washington Department of Ecology (Ecology) received your application for coverage under the Aquatic Mosquito Control General Permit (AMC permit). Ecology is issuing you coverage under the AMC permit as of July 8, 2022. **Retain this letter with your permit documents. It is part of the official record of permit coverage.**

You may view and download the AMC permit, forms, and supporting documents from [Ecology's Mosquito Control web page](#)<sup>1</sup>.

Please take time to read the entire permit. It contains the requirements you must follow to maintain compliance. Contact Shawn Ultican (email and phone number listed at the end of this letter) if you have questions about the AMC permit, or would like to receive a hard copy.

**Areas of Restricted Larvicide and Adulticide Use**

Washington Department of Fish and Wildlife (WDFW) identified areas occupied by at least one of six vulnerable animal species and requested that mosquito control deemed necessary in these areas be restricted to the use of Bacillus based products. Maps of the restricted areas are available at [Ecology's Mosquito Control web page](#)<sup>1</sup>.

If you wish to apply pesticides other than Bacillus-based products in a restricted area, you must comply with the requirements in AMC permit special condition S4.C.

### **Permit Fees**

State law (RCW 90.48.465) requires that all Permittees pay an annual permit fee based upon the state fiscal year. The state fiscal year begins each year on July 1, and ends June 30 the following year. Ecology mails permit fee bills to all Permittees annually. Permittees that have permit coverage on July 1 will receive a permit fee bill. If you would like more information on the permit fee process, contact the Water Quality Program Permit Fee Administrator at (360) 407-6425, or [wqfeeunit@ecy.wa.gov](mailto:wqfeeunit@ecy.wa.gov).

### **Appeal**

The issuance of permit coverage may be appealed within 30-days of receiving this letter as detailed in the Appeal of General Permit Coverage focus sheet, which you may view and download from [Ecology's website](#)<sup>2</sup>.

### **Questions and Permit Technical Assistance**

If you have questions about this letter, or need more information about the AMC permit requirements, please contact Shawn Ultican at [Shawn.Ultican@ecy.wa.gov](mailto:Shawn.Ultican@ecy.wa.gov) or (360) 870-3492.
