RE: Clarification and Correction to National Pollutant Discharge Elimination System (NPDES)  
Permit WA0024473 – Riverside Park Water Reclamation Facility (RPWRF)

Dear Marlene Feist:

The Department of Ecology corrected a typographical error in the City of Spokane RPWRF NPDES permit WA0024473. The change made to the permit is below:

Page 36, Operations and maintenance (O&M) manual

- On Page 36, under Section S5.H, paragraph a., the O&M manual has a submittal date of March 31, 2022; this due date is an error. Section S5.H has been corrected as well as the submittal table on Page 5 with the correct submittal due date of March 31, 2023.

A corrected permit is enclosed. Please replace the current permit with the corrected version. Since it is not a major change, we are correcting the permit and no public comment period is necessary.

Please contact Diana Washington at (509) 385-5529 or by email at [dwas461@ecy.wa.gov](mailto:dwas461@ecy.wa.gov) if you have questions about this permit correction.

Sincerely,

Shara Joy  
Water Quality Program
