Re: Application for Renewal of National Pollutant Discharge Elimination System (NPDES)  
Permit No. WA0037061, LOTT Budd Inlet Water Reclamation Facility

Dear Terri Prather:

We hereby acknowledge receipt of the above-referenced NPDES and Reuse applications on August 11, 2022. These applications are hereby accepted. Your current NPDES permit has an expiration date of March 31, 2023.

The current permit and its terms and conditions will be administratively extended on April 1, 2023, and will remain in effect and enforceable until the Department of Ecology (Ecology) issues a new permit for your facility, in accordance with Washington Administrative Code (WAC) [173-220-180\(5\)](#).

During the permit renewal process, Ecology may determine that additional information is necessary to complete the permit. In order to maintain complete application status, LOTT Clean Water Alliance must provide any additional information Ecology may request in a timely manner.

If you have any questions regarding this letter, please contact me at [david.dougherty@ecy.wa.gov](mailto:david.dougherty@ecy.wa.gov) or by phone at or (564) 999-3586.

Sincerely,
