RE: Permit Submittal Not Received for State Waste Discharge Permit ST0008024 – Moses Lake Larson Wastewater Facility

Dear Chris Campbell:

This letter is to remind you of a past due permit submittal that needs attention. The Summary of Permit Report Submittals specifically lists required permit submittals during the current permit cycle and their due dates. The following submittal is late:

Submittal: Operator Certification Renewal Card **Due Date:** 5/15/2022 **Status:** Not received

Each late submittal constitutes a separate violation of the permit. Ecology wants to make sure you are aware of the violations and to help your facility stay in compliance with the limits, monitoring requirements, and conditions of the Moses Lake Larson State Waste Discharge permit.

Please contact me if you need assistance with the WebPortal. I am more than happy to answer questions or assist you with the upload of the report online into WQWebSubmittals.

Please contact Andy O'Neill at (509) 710-3676 if you need technical assistance or contact Llyn Doremus, permit manager at (509) 703-2830 for all other questions.

Sincerely,

A handwritten signature in cursive script that reads "Shara Joy".
