Dear Mr. Titus

RE: Seattle Bulk Shipping facility located at 3233 16<sup>th</sup> Ave. SW, Seattle, WA

This letter concerns my inspection of your facility on April 1, 2010. Based on my inspection and confirmation from Eric Autry, Seattle Public Utilities, that your facility does discharge stormwater to the West Waterway I have determined that your facility requires coverage under the Industrial Stormwater General Permit.

Ecology is seeking your voluntary compliance by implementing the required corrective action (s) described in the enclosed Water Quality Corrections Required Report.

Please contact me if you have any questions.

Sincerely,

Gregory P. Stegman
