Heidi,

Sorry I missed your call. Your response below is exactly what we needed. Thank you!

Rob Buchert | Senior Compliance Specialist
WA Department of Ecology | Water Quality Program
Eastern Regional Office | 4601 N. Monroe St. Spokane, WA 99205

(509) 209-1586 | rbuc461@ecy.wa.gov

This communication is public record and may be subject to disclosure as per the Washington State Public Records Act, RCW 42.56.

Subject: Town of Rockford Permit WA0044831

Hi Rob,

I left you a voicemail but thought I should follow up with an email. Our Public Works Director, Dave, is out of the office for a bit, but I wanted to be sure you received a response in regard to the “plans for maintaining adequate capacity” letter we received.

The town will soon be embarking on the planning efforts to evaluate these capacity items. The exceedances could be explained by the winter melt off and excess moisture we have experienced this winter. As I mentioned on the voicemail, we will take a look at the DMRs to see what trends we can find.

The town has applied for funding through the Department of Ecology for Wastewater Facility Plan and General Sewer Plan Update. Based on the FY2024 draft list, Rockford ranked #3, but we have not yet received official word that the funding is approved.

I hope that helps answer some questions. Please let me know if you need anything official or if you would like additional information.

Thank you,

Heidi Johnson

Clerk/Treasurer (W-F) or
