**RE: Termination of Coverage under the Aquatic Plant and Algae Management General Permit**

Dear Terry McNabb:

The Washington State Department of Ecology (Ecology) received your Notice of Termination (NOT) for coverage under the Aquatic Plant and Algae Management General Permit (APAM permit) for the site shown above. Based on your NOT, we have terminated your APAM permit coverage as of July 10, 2023. **Retain this letter with your permit documents. It is part of the official record of permit coverage.**

**Permit Fees**

State law (RCW 90.48.465) requires that all Permittees pay an annual permit fee based upon the state fiscal year. The state fiscal year begins each year on July 1, and ends June 30 the following year. Although this letter terminates your permit coverage, you will receive a bill for the fiscal year your permit coverage was effective. If you would like more information on the permit fee process, contact the Water Quality Program Permit Fee Administrator at (360) 407-6425.

**Appeal**

The termination of permit coverage may be appealed within 30-days of receiving this letter as detailed in the Appeal of General Permit Coverage focus sheet, which may be viewed and downloaded from [Ecology's website](https://fortress.wa.gov/ecy/publications/documents/1710007.pdf)<sup>1</sup>.
