

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF DRAFT WASTEWATER DISCHARGE PERMIT

Permit No. WA0029262

Applicant: Penn Cove Shellfish
Samish Bay Plant
11272 Blue Herron Road
Bow, Skagit County

Penn Cove Shellfish has reapplied for a National Pollutant Discharge Elimination System (NPDES) permit in accordance with the provisions of [Chapter 90.48 RCW](#) Revised Code of Washington, [Chapter 173-220 WAC](#) Washington Administrative Code and the Federal Clean Water Act.

The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued. Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of screened and settled process wastewater and washwater into Samish Bay.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.
