Re: Receiving Water Study Sampling and Analysis Plan Approval

Dear Craig McKinney:

According to Emerald Kalama Chemical, LLC's (Emerald) National Pollutant Discharge Elimination System (NPDES) Permit No. WA0000281 Special Condition S15, the Receiving Water Study Sampling and Analysis Plan (SAP) was due on December 1, 2022. The Washington State Department of Ecology (Ecology) received Emerald's first submission of the SAP on October 2, 2022. After Ecology provided Emerald comments requesting changes, Ecology received Emerald's second submission of the SAP on April 5, 2023.

After reviewing the final SAP submission, Ecology approves Emerald's April 5, 2023 SAP.

If you have any questions, please contact me at 360-819-6426 or greg.gould@ecy.wa.gov.

To request ADA accommodation for disabilities, or printed materials in a format for the visually impaired, contact Ecology at 360-280-4325 or ecyadacoordinator@ecy.wa.gov. Persons with impaired hearing may call Washington Relay Service at 711. Persons with a speech disability may call TTY at 800-833-6384.

Sincerely,

Gregory Gould, P.E.
