Are you co-applying with another entity/entities to meet the requirements of the MS4 permit?

☐ Yes ☒ No

Co-Permittees:

None

You must add contact information above for the Co-Permittee.

Permittees that co-apply are responsible for meeting permit conditions related to their discharge(s). **You must include as an attachment to this NOI a summary of the permit obligations that will be carried out jointly among co-applicants. The summary must identify the other co-applicant(s) and must be signed by the other co-applicant(s).**

Are you relying on another entity to satisfy one or more of the requirements of the permit?

☐ Yes ☒ No

Permittees that rely on another entity to satisfy one or more of their permit obligations remain responsible for permit compliance if the other entity fails to implement the permit conditions. Permittees may rely on another entity provided:

1. The other entity agrees to take on responsibility for implementation of the permit requirements, and
2. The other entity implements the permit requirements.

You must include as an attachment a summary of the permit obligations that will be carried out by another entity. The summary must identify the other entity or entities and must be signed by the other entity or entities.

RE: Duty to Reapply for Phase I Municipal Stormwater General Permit – WAR044002

Dear Bruce Dammeier:

Our records indicate that your Municipal Separate Storm Sewer System (MS4) has coverage under the National Pollutant Discharge Elimination System (NPDES) Phase I Municipal Stormwater General Permit (Permit), issued by the Washington State Department of Ecology (Ecology). This permit expires July 31, 2024. General Condition G18, *Duty to Reapply*, requires that you submit a complete Duty to Reapply, Notice of Intent (NOI) form for permit renewal at least 180 days prior to the permit expiration date or by **February 1, 2024**.

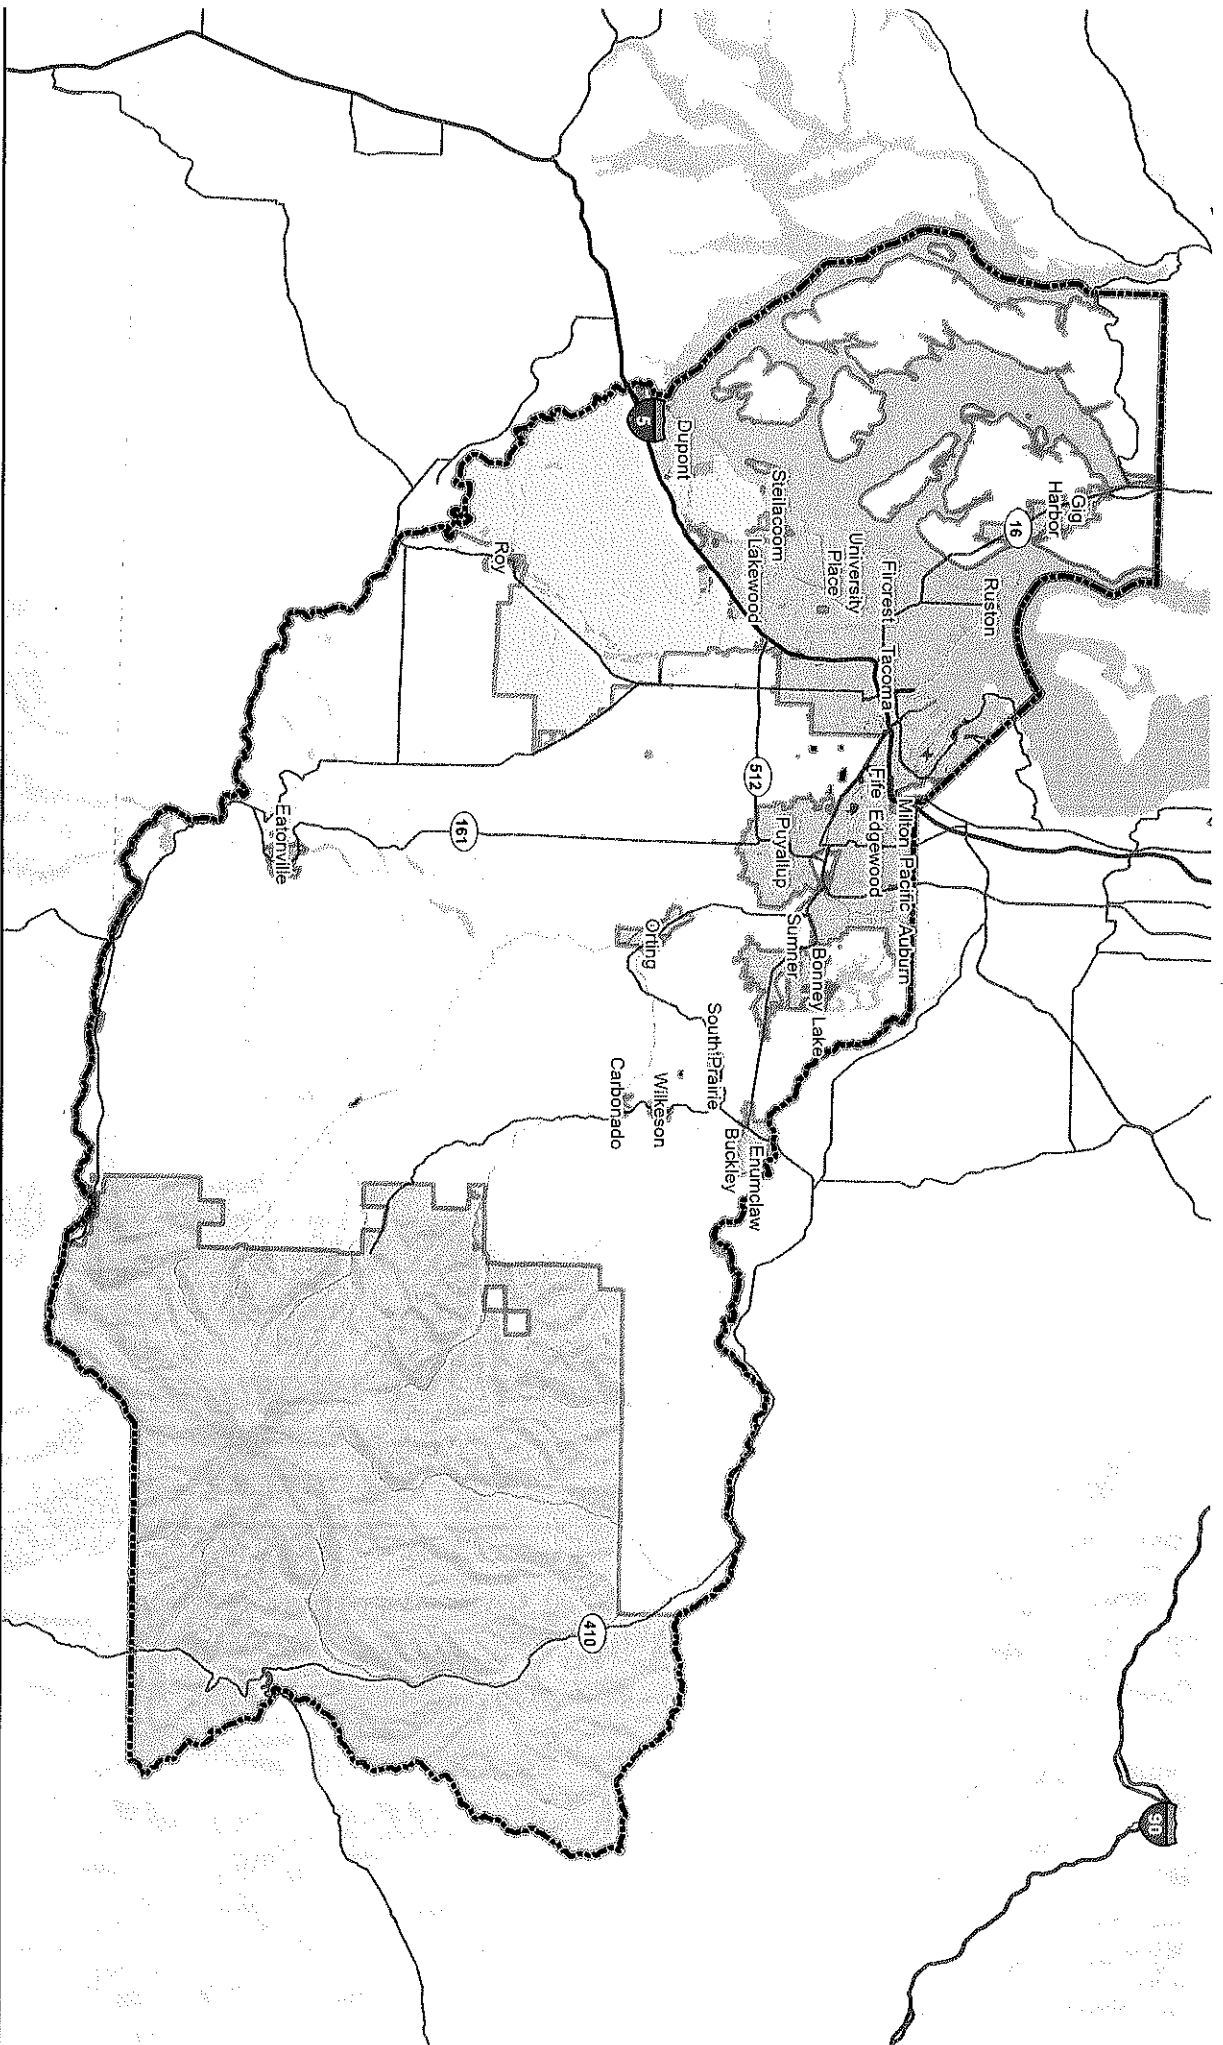

Failure to submit a complete NOI 180 days before June 30, 2024 would constitute a violation of the permit, and would result in a gap in your NPDES permit coverage. If the issuance of the Final 2024 Permit is not reissued by July 1, 2024 (See WAC 173-226-220). A gap in permit coverage could lead to unauthorized discharges from your MS4, which would also violate 40 CFR 122 of the federal Clean Water Act and RCW 90.48 Washington State Water Pollution Control Act. As such, please submit your complete NOI no later than **February 1, 2024**.

To Reapply Online

The Washington State Department of Ecology (Ecology) uses SecureAccess Washington (SAW) to maintain security of your data. **Please follow these instructions to submit your NOI:**
https://fortress.wa.gov/ecy/ezshare/wq/permits/MS4_2024_NOIRenewal_Instructions.pdf.

You can use your existing SAW account. If you do not have a SAW account, you can create one through the SAW login webpage: <https://secureaccess.wa.gov/myAccess/saw/select.do>.

For instructions on setting up a SAW account, visit Ecology's WQWebPortal guidance webpage: <https://ecology.wa.gov/Regulations-Permits/Guidance-technical-assistance/Water-quality-permits-guidance/WQWebPortal-guidance>.
