RE: Wastewater Discharge Permit Application Fee and Public Notice for Group 14 Technologies – ST0501350

Dear Paul Stenhouse:

Ecology received the application fee for Group 14 Technologies Wastewater Discharge permit application on January 29, 2024. Your application was accepted on December 11, 2023. Permit number ST0501350 will be assigned to the forthcoming permit.

Washington State Water Pollution Control laws require the publishing of a Public Notice which describes the discharge for any operation. This provides the public a chance to be aware of, and comment on, any wastewater treatment and disposal facilities. In compliance with this requirement, enclosed for your information is the public notice describing your wastewater treatment discharge.

The enclosed Public Notice will be published by Ecology on February 6 & 13, 2024 in the Columbia Basin Herald.

Please direct questions about permit fees to the Water Quality Fee Unit at (800) 633-6193. Please contact Pat Hallinan, Permit Manager, at (509) 329-3500 if you have permit specific questions.

Sincerely,

Shara Joy  
Water Quality Program

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF APPLICATION

PERMIT NO.: ST0501350  
APPLICANT: Group 14 Technologies, Inc.  
FACILITY: Battery Active Materials Factory #2  
13431 Wheeler Road, NE  
Moses Lake, Washington 98837

Group 14 Technologies has applied for a State Waste Discharge Permit (SWDP) in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW), Chapter 173-216 Washington Administrative Code (WAC). Ecology accepted the application as complete on December 11, 2023.

Group 14 Technologies owns and operates a commercial facility in Moses Lake, Washington that manufactures lithium ion battery materials and discharges process wastewater to the City of Moses Lake Dunes Wastewater Treatment Plant. Approximately 100,000 gallons per day is the expected maximum daily wastewater discharge flow to the wastewater treatment plant. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued.

The Department of Ecology is proposing to issue the permit and is hereby issuing public notice of its intent. Interested persons can submit their name, address, and comments regarding this permit to:

Send written comments to: Pat Hallinan  
Water Quality Program  
Department of Ecology
