**RE: Opportunity to submit your Discharge Monitoring Reports (DMR) Electronically**

Dear Jim Harberg:

The Washington State Department of Ecology (Ecology) is pleased to announce that we have a *new* secure on-line system for submitting your Discharge Monitoring Report (DMR). We encourage you to participate in this new, improved option for submitting DMRs. This new system, called WQWebDMR, provides instant feedback by reviewing and identifying any missing reports, benchmark exceedances, and other information to the permit holder on each submitted DMR data. To sign up for WQWebDMR, visit our website at: [www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html](http://www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html).

Submitting your DMRs electronically will:

- Allow for 24/7 access.
- Create more efficient and timely submittals.
- Save paper and mailing expenses.
- Provide confirmation that Ecology has received your DMR submittal.
- Provide instant quality assurance review and feedback upon submittal.

**Questions?** Please direct your WQWebDMR questions to Ecology's WQWebDMR staff at [WQWebPortal@ecy.wa.gov](mailto:WQWebPortal@ecy.wa.gov), or (360) 407-7097 (locally), or (800) 633-6193/option 3.

If you have other questions, are no longer a permittee on a site, or if the site no longer requires coverage, please contact your permit administrator, Shawn Hopkins at [shop461@ecy.wa.gov](mailto:shop461@ecy.wa.gov), or (360) 407-6442, to ensure we have the most up-to-date site information.

If you have site-specific questions, or require sampling assistance, contact your regional inspector, Greg Stegman at [GSTe461@ecy.wa.gov](mailto:GSTe461@ecy.wa.gov), or (425) 649-7019.

Sincerely,

Bill Moore, P.E., Manager  
Program Development Services Section  
Water Quality Program
