

MEMO ADDRESSING QUESTION S5.C.2

Promotion of Stewardship Opportunities

SWMP stewardship opportunities are created to encourage participation in surface water protection and active incorporation of SWMP principles and goals. General residential stewardship activities such as volunteer plantings are emphasized during public venues such as Earth and Arbor Day, and other public educational opportunities at City sponsored events.

As a small agency with very limited direct opportunities available within city limits; stewardship is primarily encouraged through interaction and volunteer planting/maintenance parties and storm drain marking primarily with the Boy Scouts of America, or groups and individuals requesting or required to complete volunteer service hours.

Additional local & regional stewardship opportunities include:

City of Bellevue Environmental Stewardship Volunteer Opportunities:

<https://parks.bellevuewa.gov/nature-and-environment/visitor-centers-environmental-programs/environmental-stewardship-volunteer-opportunities>

(Provides information on volunteer stewardship opportunities in City of Bellevue)

Green Kirkland Partnership:
