Re: Time Extension for Entity Review of National Pollutant Discharge Elimination System (NPDES)
Permit Number WA0037087, Tacoma Central Wastewater Treatment Plant

Dear Kirk Elliot:

The Department of Ecology (Ecology) is in receipt of your request for a time extension of the City of Tacoma's entity review of the above-mentioned draft permit and accompanying draft fact sheet. It is Ecology staff's understanding that City staff availability to provide a response is limited for the moment due to competing deadlines with another Ecology permit deadline.

Your request to extend the entity review deadline to **April 19, 2024**, is approved.

If you have any questions regarding permit requirements and their basis, please contact Dainis Kleinbergs at dainis.kleinbergs@ecy.wa.gov or call (564) 999-3588.

Sincerely,

A handwritten signature in blue ink that reads "Dainis Kleinbergs".
