INSTRUCTIONS - NOTICE OF TERMINATION FORM

Submit a Notice of Termination Form to Ecology when one or more of the following conditions have been met:

1. All permitted stormwater discharges associated with industrial activity authorized by this permit have ceased because the industrial activity has ceased, and no significant materials or industrial pollutants remain exposed to stormwater.
2. The party that is responsible for permit coverage (signatory to application) sells or otherwise legally transfers responsibility for the industrial activity (the permit follows the person it was issued to, not the site).
3. All stormwater discharges associated with industrial activity are prevented because the stormwater is redirected to a sanitary sewer, or discharged to ground (e.g. infiltration).

Permit Number		Provide the Ecology permit number.
I.	Facility Address	Provide the facility's legal name, street address, and county. If there is no street address, provide the legal description of the location.
II.	Billing Address	Provide the mailing/billing address.
III.	Justification for Termination	Select the reason for your termination request. These conditions can also be found in your permit, Section S10, page 43.
IV.	Certification of Permittee	Read the Certification statement, print name, sign and date the form. Refer to General Condition G2, in the permit for signatory requirements.

Please hand sign and email or mail this document to **wqfeeunit@ecy.wa.gov**. The mailing address is:

Department of Ecology
Water Quality Program – Permit Fee
Unit PO Box 47600
Olympia, WA 98504-7696

Note: All permit conditions must continue to be met until your termination is approved. Continue to comply with permit conditions until you receive written notification from Ecology that termination is effective. If you do not receive a termination approval letter within 60 days, please contact the Fee Unit at wqfeeunit@ecy.wa.gov.
