Re: State Waste Discharge Permit No. ST0501356; Western Chemical Inc. dba Syndel USA
Public Notice and Draft Permit

Dear Nate Mitchell:

We have enclosed a draft state waste discharge permit and fact sheet for your review. Please read the documents carefully and submit your comments as soon as possible to Maia Hoffman.

State law requires the circulation and publication of notices which describe the proposed issuance, renewal or extension of permits. This is intended to allow the public to be aware of and comment on such actions.

Enclosed is a copy of the public notice published in the Bellingham Herald on May 29, 2024. A similar notice will be mailed from this office to agencies, groups and individuals that have requested such notices for this geographic area.

The Department shall provide a period of not less than thirty (30) days following the date of the publication of the public notice during which time interested persons may submit their written views on the draft permit. You may submit additional comments on the draft permit throughout the duration of the public comment period.

If you have questions regarding the draft permit and fact sheet, please contact Maia Hoffman at 425-507-5681 or by email at maia.hoffman@ecy.wa.gov.

Sincerely,

Tricia Miller
Permit Coordinator
Northwest Region Office
