RE: Transfer of Coverage under the Zostera Japonica Management on Commercial Clam Beds in Willapa Bay General Permit

Dear Chase Metzger:

The Washington State Department of Ecology (Ecology) received your Transfer of Coverage form for the Zostera Japonica Management on Commercial Clam Beds in Willapa Bay General Permit (ZJ permit) for the site shown above. Ecology has updated its records to show that you are responsible for permit coverage and liability, effective April 15, 2021, as you requested on the Transfer of Coverage form. **Retain this letter with your permit documents. It is part of the official record of permit coverage.**

A copy of the ZJ permit, forms, and supporting documents may be viewed and downloaded from [Ecology's ZJ webpage](#)¹.

Please take time to read the entire permit. It contains the requirements you must follow to maintain compliance. Contact Shawn Ultican (email and phone number listed at the end of this letter) if you have questions about the ZJ permit, or if you would like to receive a hard copy.

Permit Fees

State law (RCW 90.48.465) requires that all Permittees pay an annual permit fee based upon the state fiscal year. The state fiscal year begins each year on July 1, and ends June 30 the following year. Ecology mails permit fee bills to all Permittees annually. Permittees that have permit coverage on July 1 will receive a permit fee bill. If you would like more information on the permit fee process, contact the Water Quality Program Permit Fee Administrator at 1-800-633-6193 (Option 2), or by email at wqfeeunit@ecy.wa.gov.
