

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF DRAFT PERMIT

PERMIT NO: WA0024660

APPLICANT: City of Montesano  
112 N Main Street  
Montesano, WA 98563

FACILITY: Montesano Wastewater Treatment Plant  
128 State Route 107  
Montesano, WA 98563

The City of Montesano has applied for a National Pollutant Discharge Elimination System (NPDES) Permit in accordance with the provisions of [Chapter 90.48 Revised Code of Washington \(RCW\)](#), [Chapter 173-216 Washington Administrative Code \(WAC\)](#), and [Federal Clean Water Act](#).

The City of Montesano presently owns or operates an activated sludge (Biolac) wastewater treatment plant which is designed to handle a maximum daily flow of 1.60 million gallons per day. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act (Chapter 90.48 RCW) and applicable regulations for a permit to be issued.

Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated municipal wastewater to the Chehalis River at river mile 13.41.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.

PUBLIC COMMENT AND INFORMATION
