Re: National Pollutant Discharge Elimination System (NPDES) Discharge Permit
Permit No. WA0032174; Marine Fluid Systems, Inc.

Dear Gregory Bostwick:

Under [Chapter 90.48](#) Revised Code of Washington (RCW) Water Pollution Control Laws, the enclosed NPDES Permit No. WA0032174 is being reissued to Marine Fluids Systems, Inc. located at 801 NW 42nd Street, Seattle, WA 98107.

The permit authorizes the permittee to discharge marine floodwater to the Lake Washington Ship Canal at the permitted location (Outfall #001) subject to the terms and conditions of the permit.

The Department of Ecology (Ecology), in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with issuing and administering wastewater discharge permits [Chapter 173-224 WAC](#). The annual fee for both industrial and municipal/domestic discharges is computed according to the permit fee schedules contained in [Chapter 173-224-040 WAC](#). Ecology will notify permit holders of fee charges by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit, and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.

You have the right to appeal this permit within thirty (30) days upon receipt of this document. Complete details about appealing the permit are in Appendix B of the permit fact sheet. Pursuant to [Chapter 43.21B RCW](#), your appeal must be filed with the Pollution Control Hearings Board, and served on the Department of Ecology, within thirty (30) days of the date of your receipt of this document.
