Permit Fees

Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with the issuance and administration of wastewater discharge permits ([Chapter 173-220 WAC](#)).

The annual fee for both industrial and municipal/domestic discharges is computed according to the permit fee schedules contained in [WAC 173-224-040](#). Ecology notifies permit holders of fee changes by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit, and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.
