RE: O & M Manual

Dear Whitney,

The City of Tekoa has had a static sewer plant status for several years until the Influent Lift Station came online February 6, 2024. The city is waiting for the engineers to submit the O & M Manual updates re: this change. All previous changes were added to the O & M Manual. We will add the updates and submit them to the Department of Ecology as soon as possible.

Thank you,
