**RE: Follow-up to Intended Revisions for Application and Engineering Document Report (EDR)  
Addendum for Temporary State Waste Discharge Permit No. ST0501334**

Dear Mamoudou Diallo:

The Department of Ecology (Ecology) is following up on Microsoft Corporation EAT02-09 State Waste Discharge Permit (SWD) application and accompanying EDR addendum. Ecology received an email message from Landau Inc., on December 4, 2024, providing notice of their intent to revise the SWD application and accompanying EDR addendum. On December 16, 2024, Ecology met with members from Microsoft Corporation (Microsoft) and Landau Inc. (Landau) to further discuss the intended revisions and Ecology's approval process.

The SWD application and accompanying EDR addendum included the request to expand Microsoft Corporation EAT02, EAT03, EAT04 Data Centers (Temporary Permit ST0501334) to Microsoft Corporation EAT02-09 Data Center Campus. Ecology is following up to inform Microsoft that we have not received any further updates and halted review of the materials on December 4, 2024. Ecology will resume review upon the re-submittal of both completed documents.

When you are ready to resubmit the SWD application and EDR addendum. Please email copies to [crowqpermits@ecy.wa.gov](mailto:crowqpermits@ecy.wa.gov) and mail originals to:
