Re: National Pollutant Discharge Elimination System (NPDES)
Permit No. WA0001503; CenTrio Energy Seattle LLC

Dear Mick Reeves:

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit renewal application for CenTrio Energy Seattle LLC on July 24, 2024. The application has been reviewed and was accepted as complete on July 29, 2024.

Your current NPDES permit has an expiration date of January 31, 2025. Renewal of the permit is in process; however, the permit was not issued by the expiration date. In accordance with the Washington State Administrative Procedures Act [RCW 34.05.422](#) and Washington Administrative Code [WAC 173-220-180](#), if your new permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are administratively extended and will remain in effect and enforceable until Ecology issues a new permit and it becomes effective for your facility.

If you have any questions regarding the development of your renewal permit, please contact Jeanne Tran at 425-531-8311 or by email at Jeanne.tran@ecy.wa.gov.

Sincerely,

Tricia Miller
Permit Coordinator
Northwest Region Office
